I couldn't tell "Maya's" story without mentioning our two previous bloodhounds, "Breeze" and "Gusty." "Breeze" and "Gusty" were a year apart in age and both lived to be eleven years old.

We lost "Breeze" first in 2013 and then in January 2015 we lost "Gusty." My heart was completely shattered when we lost "Gusty." I had always kept in contact with "Gusty's" breeder (*Lisa Ivey* of *Jo-Li's Bloodhounds*) and also with another breeder who had a littermate of "Gusty's" (*Stacey Poler* of *Nunya Bloodhounds*). When "Gusty" became ill, I reached out to both *Stacey* and *Lisa*. They were such a support to me as I struggled with my ultimate decision to let "Gusty" cross over.

The Boys: "Breeze" and "Gusty"

"Maya" in the puppy carrier

Stacey was the one that put me in touch with Molly Nye of M&M Bloodhounds and on Father's Day of 2015 we flew from Reno, NV to Charlotte, NC and brought home the pink-collared puppy. "M&M's My Girl.....Mariah", who we call "Maya," flew all the way from North Carolina to Nevada in a puppy carrier at our feet. "Maya" is an only canine child in our home, but she does have three human siblings and we have six grandchildren who also live in Reno.

The BOYS, were always my dogs and it was comical how attached they both were to me. I loved being their PERSON, so it was

humbling when "Maya" didn't worship the ground I walked on. "Maya" is extremely independent. She LOVES both my husband and me equally.

Puppy "Maya"

Before we brought "Maya" home, her breeder, *Molly*, would give us regular updates and dubbed "Maya" as 'Miss Distracted' of the litter. This personality trait has followed "Maya" throughout her life. I tried my hand at trailing with "Maya" and she obtained her EECT on the first try shortly before her first birthday. However, since that time we have tried on two different occasions for her MT to no avail. "Maya," like the story of "Ferdinand the Bull" is much more interested in lying in the grass, meeting various people

(other than the runner) and just doing her OWN

THING. Don't get me wrong, her nose is impressive, but ONLY on her terms and when she WANTS TO FIND THE PERSON... Until then she will let anything and everything distract her from her job.

Denise and "Maya"

"Maya" on the trail

"Maya" and I walk the beautiful trails of Reno on a daily basis. "Maya" is friendly with all she meets on our excursions, whether it is a human or a canine friend – she LOVES everyone!

"Maya" has completely stolen our hearts! Keeping with the wind theme of our two boys, we named her "Mariah" after the song "They Call the Wind Mariah" but she goes by the nickname of "Maya."

Our beautiful pink collared girl is without a doubt 'Our FAVORITE Bloodhound Girl'!

## Aldo Branch, PresidentBloodhounds West, Northern Chapter

Hello Bloodhounds West Northern Chapter Members and Friends.

With vaccine availability increasing, and COVID cases decreasing, bloodhound activities are finally resuming! We held our trailing trial in April (more on that in this newsletter),

and there have been several dog shows in California already. The Board is resuming its efforts to host a Scent Works trial next year so start working with your dog(s) if you are interested in participating. With limited rain this year, I hope you have been out and about with your bloodhounds.

We are less than five months away from the start of the ABC National Specialty in beautiful San Diego, CA. It will be a week of bloodhound fun. There will be many activities to attend, plenty of opportunities to meet up with other club members from across the country, good food and drinks, raffles, and lots of bloodhounds. You don't have to show your dog to have fun at the event. Plus, there are many things to do in the San Diego area. I am looking forward to attending. I hope you will be there as well. For more information, go to the website at <a href="https://www.2021abcnationalspecialty.com">www.2021abcnationalspecialty.com</a>.

If you are not already a member, please consider joining the American Bloodhound Club. Information about the club can be found at www.americanbloodhoundclub.org.

Stay safe. I hope to see you soon.

#### **Board Meeting Minutes**

#### **Bloodhounds West, Northern Chapter**

May 18, 2021 Meeting held by teleconference

The meeting was called to order at approximately 6:05 PM.

ROLL CALL: Present were Aldo Branch, Diane Branch, Debbie Pray, Debbie Levy, Elaine Marshall, and Al Gelders.

**MINUTES OF THE PREVIOUS MEETING**: Minutes of the previous Board meeting held on July 23, 2020 were reviewed. Motion to approve by *Diane*, seconded by *AI*. All in favor.

**REPORT OF THE CORRESPONDING SECRETARY**: No matters to report. Board held discussion of sending thank you letters to Trailing Trial judges. *Debbie Levy* agreed to send on behalf of the club.

**REPORT OF THE TREASURER**: Treasurer *Debbie Pray* gave a summary of income and expenses since June 2020. Beginning Balance June 2020: \$23,959.67. Ending Balance May 18, 2021: \$25,941.16.

#### REPORT OF COMMITTEES

1. <u>Trailing</u>: **Aldo** reported that our April Trailing Trial was a success. We had two MT trails and three MTI trails entered. He stated that due in large part to the generosity of our judges donating their expenses, the trailing trial made a profit of \$329.85. He also thanked **Elaine Marshall** for her donation of "dog blankets" given to the judges as thank you gifts.

There was a discussion of when the next trailing trial would be held. **Aldo** explained that we would not hold a trailing trial in the fall because the Southern Chapter will hold one for the National Specialty in October. We did not want to draw entrants away from that trial. Therefore, our next trailing trial would most likely be held in spring 2022.

2. <u>Scent Works</u>: **Debbie Levy** stated there was nothing to report as Scent Works on hold over the past year due to the pandemic. Things are starting to resume, and committee will resume efforts to work towards holding a Scent Works trial next year.

**UNFINISHED BUSINESS:** none reported.

#### **NEW BUSINESS**

- 1. How to hold General Membership Meeting: There was a discussion of the methods that we could use to hold a general membership meeting. Zoom video conferencing appeared to be the preferred method. *Aldo* said he would organize a trial run with board members to see whether we can re-log in to the Zoom meeting after kicked off by Zoom after 40 minutes. There was also a general discussion of topics for the general meeting agenda.
- 2. <u>Approve New Members</u>: *Aldo* made a motion to approve the membership application of *Tracy* and *Steve Smith*, previously presented to the membership by *Cindy Goble*. *Diane* seconded. Motion approved.

**ADJOURNMENT**: Motion to adjourn the meeting made by *Diane*, seconded by *Aldo*. Motion approved. Meeting ended at 6:32 PM.

#### **President's Message**

Jan Stallings, President Bloodhounds West, Southern Chapter

Greetings to all!

Here we are, summer already. Not sure how that happened, but things are looking up! I hope

this message finds everyone in good health and in good spirits.

The board met a couple of weeks ago, and discussed how to best approach our long overdue membership meeting. Because we are not seeing shows with many club members in attendance, it is likely that we will be sending out a virtual "email" meeting. Look for information to come soon.

Nationals are quickly approaching. I know it sounds like a broken record, but please reach out and volunteer your time and efforts. There is plenty to do, and I'm sure *Lisa* 

and *Lynne* can find a "job" that is a perfect fit for all. Like everyone, I am so looking forward to some time well spent with the bloodhound family.

I look forward to seeing friends at shows in the near future.

Stay safe and healthy!

Hug your hounds. Maybe soon you'll be hugging your friends.

Much love to each and every one of you.

Anheuser-Busch is running a television commercial looking to hire a canine "Chief Tasting Officer." The commercial features several bloodhounds among those seeking the position.

The beer brand is expanding its "Dog Brew," a canine-friendly, alcohol-free bone broth it launched last year. According to Anheuser-Busch, the brew sold out within 24 hours. The role comes with a \$20,000 paycheck, which is a lot in dog dollars.

"Don't be fooled by this comedic portrayal the role will have very important

responsibilities, including leading the expansion of Dog Brew's flavor portfolio," Busch wrote in a press release. The job will also include "taste-testing, quality control, and fulfilling duties as an ambassador for the product." The chosen pup will also be "a featured content creator on Busch's social channels," the company said.

Along with the salary, the role will come with perks for the pup, including pet insurance and, of course, free

Busch Dog Brew.

"In order to fetch this position, some qualifications include a refined palate, an outstanding sense of smell, and while not required, proficiency in English would be remarkable," Busch said.

How to apply: Pet parents can post a picture of their dog on social media along with their qualifications and the hashtag

#BuschCTOcontest.

#### Happy Housewarming Wishes to Al Gelders and Sue Mealy

At the end of 2020 we both fully retired. After 20+ years in Oakdale, CA, living in a two-story house it was time to get into a single-level home. California has become too expensive so we looked elsewhere settling on the Albuquerque area because it's about half-way between our families in Oklahoma and California. From our new home we have an incredible view of the Sandia Mountains and have many miles of hiking trails close by. A 10-minute drive gets us to the Rio Grande River park system and a 45-minute drive gets us to 10,600 ft at Sandia Crest with miles of trails.

Looking forward we plan on visiting California and meeting up with all our dog-show friends as often as possible. See you at the Nationals.

"Augie" is finally able to run again now that the perimeter fence is complete at her new home in Rio Rancho, New Mexico.

"Augie" and "Kaylie" are enjoying the sun room with reflection of the snowcovered Sandia Mountains in the background.

#### **Bathing a Bloodhound**

Owned and loved by *Marti Michalis* 

# My first rule of dog bathing is: Don't try to do it at home!! By Lyn Sherman

I have bathed my dogs at home, but the result is a totally wet bathroom and a stressed- out dog. Only exception to this is when I had a huge walk-in shower where the dog and I could both be bathed at the same time. My preferred way of bathing is at my local privately-owned grooming shop. They have very large tubs which sit almost on the floor so the dog can walk-in, then the tub raises up to whatever level I prefer. When the dog is bathed, I put the tub back down on the floor and my bloodhound walks over to the grooming table which also raises electronically to whatever height I

(For you, Debbie)

want. The above bathing procedure is not free, but I feel it is worth the approximately \$20 they charge for it.

The above picture is of "Yeager" being bathed for a Westminster show. All went well until the hot water was shut off and he was soaked in ice cold water. His reaction was "I am out of here!" Can't blame him at all.

The "rest of the story" is that a *New York Times* photographer came by while "Yeager" was in the tub and he took the picture just when the hot water was shut off. As you can see, I was trying hard to just keep "Yeager" in the bathtub. "Yeager," loved and missed by *Lyn Sherman*.

#### **Bloodhounds in Literature**

"Bumper the Bloodhound" (2020) is a fun children's book written by *Cathy Hodsdon* and illustrated by *Trae Vega*. It's a quick read (37 pages and less than 200 words) about a sleepy bloodhound who (spoiler alert!) finds two lost bloodhound puppies under the porch and keeps them safe until a young girl comes by on her bike looking for them.

"He backed out and shook and shook."

"Sometimes he SNORES! ZZZzzzz"

"It had been quite a day for Bumper the Bloodhound."

GLOUCESTER COUNTY, NJ - Emergency responders in Gloucester County trekked deep into a wooded swamp during a heavy rainstorm Wednesday night to rescue an 84-year-old man with dementia, according to Franklin Township Police. The Franklin Township resident left his home around 11 a.m. Wednesday and was later reported missing.

A resident who saw a Facebook post about the missing man contacted township police to report that he spotted the man on his game trail camera located deep in a wooded area.

Township police teamed up with the Gloucester County Sheriff's Department and Forest Grove Fire Company to search the location. Forest Grove provided ATVs to transport searchers and equipment, including a thermal imaging camera, into the secluded area.

Sheriff's K-9 Charlie, a bloodhound, picked up the man's trail and the team was able to find him. He was wet and cold but uninjured, police said. (www.nj.com/gloucester-county/)

BEND, OR - Copper, the Deschutes County Sheriff's Office's tracking bloodhound K-9, and his partner, *Deputy Donny Patterson*, just went through some challenging training and have earned a special national certification.

On Feb. 22, Deschutes County Sheriff's Office bloodhound K-9, "Copper," and his

handler, *Deputy Donny Patterson*, attended the West Coast National Police Bloodhound Association (NPBA) working dog training seminar, hosted by Goldstone K-9 in Riverside County California.

Some of the challenges included working scent trails in various environments; trailing through a busy populated outdoor shopping mall with outdoor dining, trailing in the hot desert, trailing through rural communities, parking garages, swampy areas, forested areas, rolling hills, and parks.

Each trail that was laid had an estimated set time of 45 minutes to two hours, before a bloodhound team was allowed to begin working the trail.

Each K-9 team also worked several confusing trails, where several decoys would cross the main trail layers' trail, or pick up the trail layer in a vehicle at the end of the trail, or being provided a negative scent article where the scent item provided to the K9 was not affiliated with a person in the area, thus there was no trail matching the scent article provided.

K-9 Copper preformed each of these exercises, most of which he had never experienced before. After five days of training, K-9 Copper successfully completed and obtained his NPBA Man Trailing Certification. The Sheriff's Office is excited to have this valuable resource available to serve the community. (ktvz.com/news)

MAYWOOD, NJ - A New Jersey K-9 officer is being hailed as a hero after locating a missing teenager. Maywood police say Remi, a 3-year-old bloodhound, sniffed a jacket and then found the 13-year-old girl in a thick brush in Englewood overnight.

The K-9 unit was requested just before midnight Monday to assist other agencies in locating the girl, who had not been seen in more than 10 hours.

Police say the girl's parents dropped her off at school in the morning, and at some point, she made clear her intent to run away, though it is unclear if she said that to her parents or to friends.

The girl was not present at her usual pickup point when her father arrived after school, and a search turned up nothing as authorities questioned her classmates.

The search intensified when police received information that the juvenile was possibly injured from a fall. Maywood K-9 *Officer Chris Nichols* and Remi responded, and the team received information on the last known location the juvenile was seen.

There, Remi was given a jacket the girl had worn earlier in the day to acquire a scent. Police say she then led officers through several city and residential blocks, at

which time she entered a thick brush area where the girl was located hiding among some trees.

She was unharmed and in good health, and she was subsequently reunited with her parents. (6abc.com/maywood-new-jersey-police-bloodhound)

#### **Bloodhound Rescue Story: "Mellie"**

#### By Claudia Myers

A bloodhound was being trained to be a drug-sniffing dog when I met her in the spring of 1993. She was living with a policeman and his parents and his police department planned to purchase her when she was fully trained. Months later I

saw an article in the local newspaper and she had been named "SayNo." In the article accompanying photograph it said SayNo was doing her best to sniff out the baggie stuffed with marijuana, but the tempting aroma of a fresh Carl's Jr. hamburger planted in a paper bag was a constant dis-

traction. If she completes her training and is certified she will be available for hire.

I called the policeman and his mom answered and she was heartbroken that the kennel had taken her away.

"SayNo" had lived with them for eight months and they offered to buy her for \$1,000 but the kennel owner said he wanted \$6,000.

My sweet bloodhound "Emma" had died from kidney disease and I went to the kennel and asked if I could visit and walk his bloodhound. After a few visits she would recognize the sound of my truck and would start baying at the top of her lungs. It pained me so

much to leave her. The weather had turned rainy and cold and I felt so sorry for her. They fed her one meal a day before they left at 5 pm and they returned at 8 am while she spent the night in a leaky building. I was so worried she'd bloat in the night. Casually (always the detective) I inquired where he'd gotten her. I went home and called *Cara Brockhoff*, who became a very dear friend.

Cara had found "Mellie" in a newspaper ad and the seller provided no education about bloodhounds. She named her Levon's Miss Melanie. "Mellie" could go in and out of their dog door whenever she wanted and she did a good job of destroying furniture and taking things under the deck where only a puppy could fit.

After a year of bloodhound antics, *Cara* was talking to the kennel owner and he said he'd

always wanted a bloodhound to train for police work. *Cara* and her spouse loved "Mellie" but it just wasn't working out. Until *Cara* met me, she didn't know there were rescued

bloodhounds all over the country because for one reason or another they hadn't worked out.

Cara was very unhappy to hear "Mellie" was no longer with the policeman and his family. This beautiful sweet dog had lived most of her life in homes and now she's in a kennel inside a building that leaks and is confined to a concrete floor. She had no bed and no toys because the kennel owner said she just eats beds and toys. I told him it was probably because she was bored and I bit my

tongue from saying what I really felt.

I knew if I complained he wouldn't let me near "Mellie." I visited her almost daily and one day I spoke with her trainer who said she had just found two suitcases at the airport that were planted with drugs. I asked who put the drugs in the suitcases and he said he did. I asked how he knew she wasn't smelling him instead of the drugs. Next they decided to start training her to find explosives. This really concerned me. I had learned to be very careful when telling "Mellie" no because the first time I walked her there was excrement on the side of the road and she started to eat it and when I told her no, she rolled on her back instantly with the most pitiful expression I had ever seen on a bloodhound. It brought tears to my eyes. I never was able to observe her training, but

from her reaction, I could tell they went overboard with her.

On a rainy day I asked if I could bring "Mellie" home

with me and walk her when the rain stopped and he said yes. "Mellie" had lived in the kennel for six months. I brought her home and called *Cara* and she came over. *Cara* called the kennel owner and asked if "Mellie" could come spend the night and he said yes. One month later, he called *Cara* and said he wanted "Mellie back." *Cara* said she would bring "Mellie" in when he wanted to train her and he said no, she was his dog and he wanted her back full time. *Cara* had given "Mellie" to him but no papers had been signed. When he realized

he wasn't going to get "Mellie" back easily, *Cara* gave him a check as he wanted to be compensated for training

her.

"Mellie" was saved from the kennel and I was ecstatic. I had fallen in love with her and I knew I could see her anytime. Well can you imagine my joy when *Cara* gave "Mellie" to

me! She knew we were going to be living in London for six months. She went to live with our mutual bloodhound friend who had tragically lost her search and rescue bloodhounds.

Our friend worked at a school and "Mellie" went to school every day.

"Mellie" couldn't get her mouth into that cup to get the treat so she has this quizzical expression looking at the cup! I entered "Mellie" in the 365 Day Dog Calendar and they chose "Mellie" twice, June 1, 1998 and July 28, 2000. *Cara* 

sent "Mellie's" photo to the Kansas City Note Company and "Mellie" became their featured bloodhound. I was at an ABC National and someone was paying with one of her checks and I said that's my "Mellie" which surprised the buyer!

*Cara* found an artist, "The Pooka," who sold dog stationary, note cards, return address labels, decals, wooden ornaments and earrings and the Rainbow Bridge poem but she didn't have a bloodhound. *Cara* sent her a photo of "Mellie" and she became "The

Pooka's" bloodhound. These businesses are now closed but it was so much fun for years to have our "rescued" "Mellie" so featured!

The first time I took "Mellie" to watch a Bloodhound Show I learned that if another bloodhound dared drink out of her dish, she wasn't touching it! My husband Charlie, "Mellie," and I went to a Pacific Rim Bloodhound Club Regional and folks thought it would be fun to have "Mellie" as an informal I'm afraid we were winner! having more fun than she was!

**Cara** and her spouse **Jerry** rescued 37 mostly senior greyhounds over the years and raised \$600,000 that she contributed to adoption groups. They had 18.5 acres totally fenced for their greyhounds and when "Mellie" died, I had her cremated so I could share her ashes with everyone who had been a part of her life. We took ashes to "Schroeder's Swamp" and walked the paths sprinkling her ashes.

"Mellie" brought so much joy to three families in her lifetime.

#### "BLOODHOUNDS CAN SWIM"

By Marti Michalis

Who wants to take your dog for a dip? Bloodhounds have webbed feet and are naturals in the water. If you aren't sure how to get started or haven't had success here are some pointers.

- 1. Go slow at first and don't expect too much.
- 2. Buy or borrow a dog life vest. I like the ones with a handle on the top. Life vests help the back end stay up.
- 3. They won't typically jump in the water. Start with a ramp, beach entry or a shallow area is the best place to get in.

reward of any kind is useful.

8. Show him where the exit is, especially in a backyard swimming pool, so he can get out safely.

Enjoy the summer and your wonderful hounds!

- 4. I recommend you get in the water and use a leash so you can guide your dog along.
- 5. WARNING keep your dog on the side of you. A panicked bloodhound, coming toward you in the water, can scratch you up pretty badly.
- 6. Support his torso, from underneath, so he can get use to dog paddling and start using the back legs too.
- 7. Bring pool toys for focus or to retrieve. A

HOMEMADE

- 2. Put all of the ingredients in the bowl of a food processor; blend until combined and creamy. Transfer to a measuring cup with a spout, for easy pouring.
- 3. Fill each slot to the top with the mixture. Place in the freezer for about 3 hours or until solid.

#### **Bloodhounds in Song**

"Bring Back that Bloodhound to Me" was written by Sam Nelson, set to music by Leo Friedman, and released by North American Music Company in 1919. It's part of the Library of Congress' World War I sheet music collection.

Three of my friends have gone to the war, Hooray, Hooray! And I seem as happy as ever before Hooray, Hooray, Hooray! Yet I'm neither thoughtless nor careless nor gay, I know the horrors of such a dread fray, But I live in the hope that one of these boys; Just will bring back that bloodhound to me.

Bring back, bring back, bring back that bloodhound to me,
I'll make his life seem a burden, I'm sure,
And later for that I will then find a cure,
For instance; a sleep that will always endure,
So bring back, bring back, bring back that bloodhound to me.

My three friends left the town with a shout, Hooray, Hooray, Hooray!
But they knew all the same what they were about, Hooray, Hooray, Hooray!
We girls will now shortly cry, time and again,
When death lists bring us bad news of our men,
But the blood that is spilt will not be in vain,
If they bring back that bloodhound to me.

#### **Bloodhound Trailing Trial**

#### By Aldo Branch

What a wonderful trailing trial Bloodhounds West Northern Chapter held on April 10, 2021. With masks worn and COVID precautions followed, the weather could not have been better for the four teams of dogs and handlers. The morning was cool and dry, with slightly warmer weather in the afternoon, giving the teams their best opportunity for success.

Many thanks to our Trailing Trial Chair, *Stacy Mattson*, for organizing the trial, and to *Cheryl Cromeenes* for coming down from Washington to help judge. Although originally scheduled to help judge, *Betty Seigal* was unable to attend due to a last-minute family emergency. Our best wishes go out to the *Seigal* family. We also thank and appreciate the help from our volunteer runners: *Pam Herranz*, *Debbie Levy*, *Paul Pacheco*, *Jason Addison*, and *Jennifer Addison*. We could not have held the trial without their help.

The MTI Trails were laid in business parks, with abundant hardscape, swirling winds, and many opportunities for tough decision making in and around the various office buildings. The MT trail was laid in a busy community park, with many distractions and critter challenges.

At the end of the day, we had two passes. Congratulations go out to *Gary Marshall* and his dog "Dillon" for passing their MTI trail. My dog "Ruby" and I were also successful in passing our MTI trail.

Our next opportunities to enter trailing trials on the West Coast will be at the end of May in Spokane, WA, and at our National Specialty in San Diego, CA in October. If you are interested in trailing, and would like more information about how to participate, please feel free to contact me.
